

How to connect:

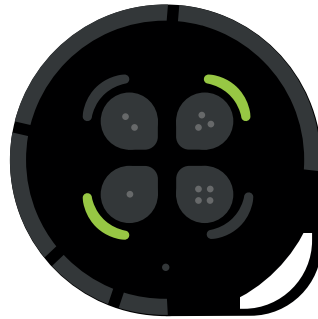

1

Download the app from your app store. Search for "WFP Link"

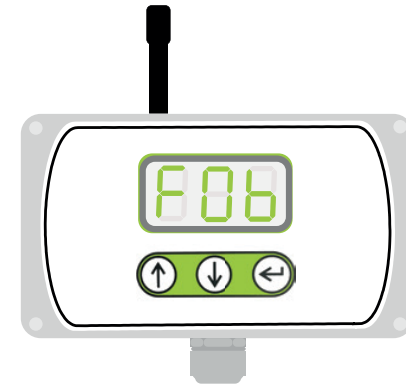

2

Press and hold two opposing buttons on the Link. The lights around the outside will light in a circle.

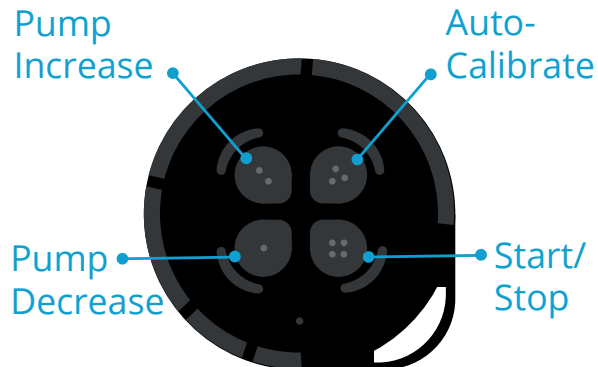

3

When the controller flashes "Fob", press all three buttons. If the pairing is successful the links lights will stop stop circling and 'Fob' will disappear.

4

When paired the Link will have these default button settings:

5

Open the app and click on the Link icon to connect the phone to the Link.

Note: If the pairing is unsuccessful turn the controller off for 30 seconds then on again and repeat steps above.

DO NOT IMMERSE FOB IN WATER!
Doing so will result in damage to the unit.

DO NOT LEAVE IN DIRECT SUNLIGHT.
Doing so will result in damage to the unit.
